

# BLAIR DRUMMOND SAFARI AND ADVENTURE PARK

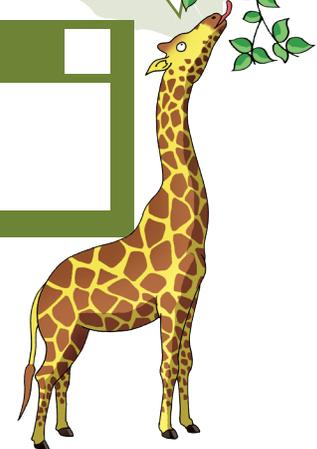

Let's go on a super safari adventure!

## Wildlife Safari

Explore the safari park on foot and see how many of the animals below you can spot. Tick them off and create a tally if you see more than one!

**Giraffe**

<input type="checkbox"/>
///

**Penguin**

<input type="checkbox"/>
///

**Meerkat**

<input type="checkbox"/>
///

**Zebra**

<input type="checkbox"/>
///

**Rhino**

<input type="checkbox"/>
///

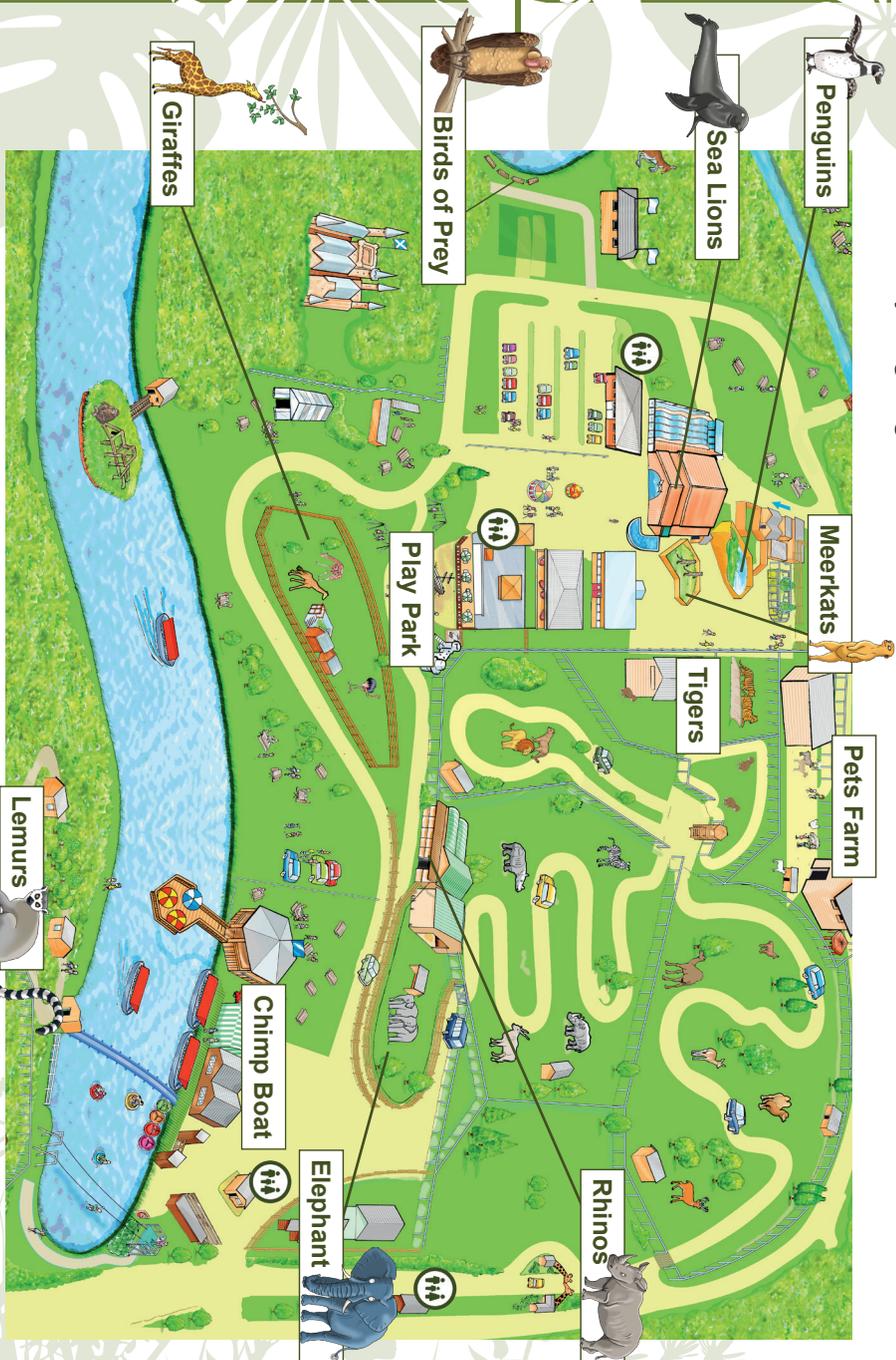

**Lion**

<input type="checkbox"/>
///

**Map**  
Which animals are you going to visit first?

## Help Save The Planet

Plastics can take centuries to decompose. Try to reduce the amount of plastic you use, reuse where possible and recycle when they are damaged.

### 5 Ways To Make A Difference

Even small changes add up. We've listed some ideas, add your own to complete the list.

1. Bring a refillable bottle.
2. Say no to plastic straws.
3. \_\_\_\_\_
4. \_\_\_\_\_
5. \_\_\_\_\_

### Recycle Maze

Guide the sea lion to the recycle bin in the centre of the maze and collect bottles to recycle on the way.

Write the total number of bottles you collect below.

## Explore Your Senses

The safari park is the perfect place to explore your senses! We've listed some ideas below. What extra things can you discover?

Humans' main senses are sight, smell, touch, taste and hearing. Senses are used to help us learn, protect ourselves and enjoy the world.

What was your favourite smell?

Which animals did you hear today?

Look at the elephant's long trunk. Can you see what it's used for?

Animals use senses too!

Rhinos have huge nostrils. They rely on their great sense of smell to survive.

Lemurs waft their smells at each other to determine who is the most powerful. It's called a 'stink fight'!
